Here's your Chapter Happenings

10 & 11th Cabin Fever
24th Goat Farmers fish fry, 5 pm
25th Chapter Get-together, 9 am
25th Game night at Downs, 5 pm

Hello to all you fun loving, motorcycle riding folks out there. Here we are in February and looking forward to longer days and warmer weather so we can ride, ride, ride.

We had our first Chapter get together as Eagle Wings Motorcycle Association and truly enjoyed seeing everyone that came to share their time. We had a good turnout and received our official Chapter Charter so here we are moving forward on a new adventure. Thank all of you for joining with us and if you haven't joined we hope you do as we move into the future.

Ok folks Cabin Fever is upon us and oh my is it going to be FUN. There is going to be a couple of Vendors, a live forum for Eagle Wings Motorcycle Association, a game room. Plenty of games and yes many friends to share all this FUN with. It's not to late to Participate. If you would still like to come contact Darrin and JJ Ebright and they will hook you up.

Talk about FUN, did we mention game night at the Downs home? If you weren't there you missed a lot of FUN, laughter, good food and great friends. We had a Euchre table, Domino's table and a Five Crown table. As I said there was a lot of fun but if you missed it you can join in on the fun as we are having another game night hosted by the Down's Saturday February 25th. This will be the evening after our Get Together starting at 5:00 p.m. and going until who knows when. It is a carry-in so we ask that you bring a covered dish with something good to share. We do hope to fill Bob & Janice's house up so come on out and if you have a special game you would like to share bring it with you and join the FUN.

This is just the beginning and we are going to work hard to make it as FUN as we possibly can. The only thing we require from you is to bring yourselves, your friends, neighbors and most of all your smiles and hugs.

Hey the Super Bowl is just about to take place and I believe it is going to be a great one. Are you going to watch? Who do you think will bring home the trophy? I have my thoughts so what are yours?? I see Garlic Parmesan Wings, Shrimp, Potato Chips and who knows what beverage but we will figure that out later.

Looking forward to seeing everyone out and about.

Let's make this fun together!!!

This is our new Region!! Region F consists of these six districts (states). We want all of us to form a great big family!! But not just limited to Region F, there are 44 more states to have fun with!!

Ride/Safety Director
Kevin & LeAnn Griggs

Happy February Chapter F,

Yea!! It is February. I get excited about February for a couple reasons. First off, it is Cabin Fever Month. So that means I get to spend a long weekend in a beautiful state park lodge with a group of crazy/funny people that like the same thing as me. Motorcycling!! In addition, these same people like to play Euchre, games and laugh at all the silliness going on around us. Even more important, they all like to eat good food and talk about all the above.

The second thing I like about February is we are starting to notice the daylight sticking around a little longer. The weather usually has more nicer days than bad days. That pesky groundhog usually see's his shadow and predicts 6 more weeks of winter weather but he is only correct about 37% of the time. This means there is 63% chance he will be wrong again this year. So, hurry up spring.

I spent a little time looking at safety reports online. The last real comprehensive motorcycle report was the "Hurt" report from 1981. There has not been funding appropriated from the Feds to do another fully comprehensive report since that time. It appears that most of the findings still hold true today, however.

75% of accidents were found to involve a motorcycle and a passenger vehicle, while the remaining 25% of accidents were single motorcycle accidents.

In the single vehicle accidents, motorcycle rider error was present as the accident precipitating factor in about two-thirds of the cases, with the typical error being a slide-out and fall due to overbraking or running wide on a curve due to excess speed or lack of side bite.

Almost half of the fatal accidents show alcohol involvement.

Injury severity increases with speed, alcohol involvement and motorcycle size.

In the multiple vehicle accidents, the driver of the other vehicle violated the motorcycle right-of-way and caused the accident in two-thirds of those accidents.

The report's additional findings show that wearing appropriate gear, specifically, a helmet and durable garments, mitigates crash injuries substantially.

Vehicle failure accounted for less than 3% of these motorcycle accidents, and most of those were single vehicle accidents where control was lost due to a puncture flat.

Weather is not a factor in 98% of motorcycle accidents.

The failure of motorists to detect and recognize motorcycles in traffic is the predominating cause of motorcycle accidents. [Conspicuity](#) of the motorcycle is a critical factor in the multiple vehicle accidents, and accident involvement is significantly reduced by the use of motorcycle headlamps-on in daylight and the wearing of high visibility yellow, orange or bright red jackets.

So, the things we as a group know and try to do is:

- Wear the gear to protect us from the fall.
- Do not drink alcohol and ride our bikes.
- Keep up our skills by going to training courses.
- Ride with our friends that are like minded and trained for group rides.

Chapter F's first get together
as Eagle Wings Motorcycle
Association!! We're off and
running!! Ohio DD, JJ Ebright,
presenting Lloyd the Chapter
Charter.
Congratulations!!

Lots of friends and lots of FUN!!
