Presidents' Corner

Happy New Year! 2025 is going to be a great year. This year, Eagle Wings will be three years old! How time flies, but Eagle Wings just keeps getting better as time goes on.

This is a great time to set some new goals. Perhaps the most important goal of all is to grow our wonderful organization. We have had so much fun, met so many nice people, and ridden some wonderful rides with EWMA, so let's share the joy and get some new folks to join us. We are a fantastic organization, and our members enjoy a great time. Once folks get to know us and what we offer, they'll want to be one of us.

EWMA offers our members many value-added benefits, such as making new friends while enjoying socializing and riding with them. We can't forget how much fun our District Rallies, Region Rallies, Ride-Ins, and, of course, the ultimate event, the Rendezvous, are. These are friendships that will last a lifetime. You can't put a dollar value on them.

There are many other benefits that are available to EWMA members. Hotel Engine is our favorite. We have saved quite a bit of money on hotel reservations through it. Their website is easy to use, and they definitely have lower prices than any of the other hotel sites that we've evaluated. The coupon package can also save a lot of money, along with Grouper, for those of us who have Medicare. MTS (Motorcycle Towing Service) can be a lifesaver, and the list goes on and on. Let's share all this information with new folks, and once they know what we have to offer, they won't be able to turn us down!

Let's make our number one priority for 2025 **RECRUITMENT** of new members! It's how we sustain EWMA and keep the fun rolling.

Nan and Bob Shrader
President, Eagle Wings Motorcycle Association

MEMBERSHIP BENEFITS QR CODE

can be used in our Media, Advertising, Magazine, Cards, Etc.

Important Note about QR Codes: Use CAUTION when sending anything to PRINT with a QR Code. Many of our early codes have to be forwarded from one address to the other.

A very simple way to make sure you have the **LATEST VERSION** is to look at the **EYES** of the code. If they are **BURGUNDY**: It's the new one! Let's all try to make sure we use only the latest code before sending anything to production.

*Moving to new position
Bruce & Tina Gebhard*

Hello Everyone,

Happy New Year!

Like all of you, we have made some resolutions for 2025, and that sometimes means making some changes in our lives. For us, that means changing our position with EWMA. We are stepping into the role of Region E Assistant Directors under Roger and Sue Bahe. While we have completely enjoyed our time in membership development, it is the right time for us to make this transition. We are very excited to come alongside Roger and Sue in support of Region E.

We are transferring our duties in Membership Development into the very capable hands of John and Yvette Moravec. They will undoubtedly do a great job in this role, but just as we did, they do need your help. They need to hear from you, the member, about what you like and don't like in EWMA. Most importantly, they need your input and ideas on what can be done better!

Here's a new way to think about recruiting new members, especially if you're talking to someone who rides anything other than a Goldwing. If you notice any hesitancy, discuss the option of forming a chapter around what they are riding, i.e. a sports bike, Harley, or Spyder. They can keep riding with people that they already ride with but can also be part of a larger organization!

Bruce & Tina Gebhard
Region E Asst Directors

Don and Rhonda Weed

Senior Vice Presidents

“What's in it for Me?”

As we look forward to this brand-new year and think about ways to help EWMA continue to grow, we recognize that it all comes down to the MEMBERS. YOU are what makes Eagle Wings Motorcycle Association!

Whether recruiting a new member or encouraging an existing member to renew and keep their membership current, the question that repeatedly arises is "What's in it for me?"

It really is important for our members to KNOW what they get from their membership. For us, the VERY top of that list would be the hundreds of FRIENDSHIPS we've made all across the WORLD while working to help grow EWMA. The old saying is true in this area of membership: "The more you put into it, the more you will get out of it." Consider getting involved in helping out at your Chapter!

But what about the person who doesn't want to participate at a high level? There's still plenty for them, especially if you look at our Chapters, Social Media Groups, the interactive EWMA Website, and all of the many Membership Benefits available to us there.

Do you know what our membership benefits are? Could you tell a friend what they are and how they've benefitted you or saved you money? If not, we encourage you to get on the website TODAY and start really looking at those benefits. Considering JUST the Hotel benefits available to us - we've saved more than twice our 3-year family membership in the last year JUST from hotel savings! Have you signed up for MTS Towing? Looked into the Coupon program? Check out the VistaPrint Corporate site to order customized office or promotional items. Have you tried out the LIVE Eagle Book on the website? And so far... we've only scratched the surface of all that is available to our members!

We would like to challenge you today to check out all of these benefits—make a list, and then share that information with a couple of your friends. There's no better way to help EWMA grow than to have FUN and let others know about it!

Until Next time: Ride Often- and *Ride Safely!*

NEWS FLASH:

The "RECRUITING ROCKSTAR CHALLENGE"

**was a HUGE success in 2024, so much so that we
will DO IT AGAIN in 2025!**

The winners from 2024 will be announced in the February Edition of OTF- so watch next month to see who our "Rockstars" are! We're starting with a fresh slate for 2025, so get those folks signed up!

After my last article, I can hear what you're thinking – "Todd, I want to take a First Aid/CPR class, but there are none available in my area." I feel your pain.

EWMA has 18 First-Aid/CPR instructors:

2 in South Carolina

7 in Florida

1 in Wisconsin

2 in Illinois

1 in Minnesota

1 in Missouri

2 in Arkansas

2 in Canada

That leaves some BIG holes. There are entire regions with no instructors. What can we do about that? Do you know how to teach? Would you like to learn?

Our instructors are all certified through HSI (the Health & Safety Institute), the organization that accredits us. HSI has a course to teach you how to teach. It is a hybrid course; by that, I mean part of it is online, and part of it is in person with an Instructor Trainer. We have two Trainers.

At home or on the road -
are you prepared????

HOWEVER

If you hold current teaching credentials from just about any nationally recognized institute of learning, there's a good chance you won't need to take HSI's course. You do not need experience in any medical or First Responder field; if you can teach and are able to prove it with credentials, chances are, HSI will let you.

Here's a catch-22 of the situation: People can't take the course because there's no one in their area to teach it. There might have been an instructor in the area once, but there were not enough students to support them. We Instructors have to teach at least one class per year to keep our certification current, but the class we teach earns the students a two-year certificate. There must be enough students in the area to support the teacher every year.

So, gather up a group of fellow students, volunteer one of them (or yourself) to teach, and we'll get you up and running.

As always, email me with questions.

ewma.hsi.dir@gmail.com

We are still looking for individual experiences involving first aid and/or CPR to use to inspire our fellow members to get trained. If you have such a story and don't mind sharing it here, send it to me at the email address above. Thanks

Todd Stark

EWMA International Director of First Aid/CPR.

*Welcome the New Region H Director
Doug Wilkins*

Merry Christmas all,

I am the new Region director for Region H.

As you can see, my name is Doug Wilkins, and I have been riding motorcycles since I was 14 years old. In Alberta, Canada, you can get your motorcycle license at that age. My first bike was a Yamaha 100cc single head bought at Simpson Sears gas station and repaired in Canada (Sears in the US). From there, I had use of a Honda 750 4. One of the greatest bikes ever. The next great ride was a wife and 2 children. I have owned my own business and then traded it in for 10 years as a Royal Canadian Mounted Police uniform. Due to family dynamics, I had to leave. I then worked as an accident injury adjuster in litigation and outside settlements. When my last parent passed, I bought a 1200cc Aspencade Gold Wing, a 2003, and a 2012 level 4 with airbag. Many people I tell cannot believe that a motorcycle comes with an airbag.

With the couch on wheels, I have been to Newfoundland, through the northern states, to the Grand Canyon, and down the west coast to San Fran, along with my companion, navigator, and wife. I belong to the Surrey chapter in British Columbia, the gateway to Alaska. We have a great chapter director, and we plan rides for the entire year every year. Last year, we planned 24 rides around our area, mostly on weekends, as many still work. Part of our plan is for couples rides only, which brings great friendship to couples. This year, we are planning a similar ride list and a ride-in to Okotoks, Alberta, which is still in the planning stage. More to come.

I am astonished at the dedication of our members to the EWMA organization and their contributions. Along with Dave Ward and Giselle Collins, I am still working on setting up new chapters in our region.

As I have a small break in time, I'm writing this on Christmas Day. Again, Merry Christmas all. We are very lucky. Please think of the less fortunate and donate what extra you have to your local food bank.

Doug Wilkins

Benefit Spotlight

Serving Our Customers Since 1988

Motorcycle Towing Services started in 1988 in Las Vegas, Nevada. Since then, we have been proud to provide our members with roadside assistance for more than three decades.

MTS was founded by Gene Wagner, a Vietnam War veteran. In 1987, Gene was riding his Goldwing in New Mexico when he broke down, and there was no suitable tow to be found anywhere. It was then Gene recognized the desperate need for quality roadside assistance for himself and other motorcycle riders. He built the company from the ground up by attending bike rallies and connecting with other motorcyclists. In 2006, the company was passed on to Gene's brother Jeff, who is also a Vietnam War veteran.

Over more than 30 years in business, MTS has grown and expanded. Our membership goes beyond the thousands of individual riders we serve. It now includes motorcycle manufacturers, dealerships, and insurance companies.

In 2016, the company was purchased by Jeff Riley, a long-time MTS employee and son-in-law to the original MTS owners' family. Since then, Jeff has elevated the company to fit his vision of providing customized plans that include rental companies and motorcycle owners' groups.

MTS continues to operate as a family-owned business. This allows us to provide personalized customer service that's only found in a small business setting. MTS offers the latest technology and equipment for all motorcycle roadside assistance needs. MTS is not just a provider, we are a "Motorcycle Provider."

All Things Digital

Mike Melton - VP Technology & Communications

Happy New Year Everyone! 2024 is now in our rearview mirror, so, in this article, let's do a summary of 2024, and then look into the crystal ball for 2025.

First, I would like you to ask yourself a question. Have I been reading the On The Fly magazines? If not... why? This is our primary means of communicating with the membership, so we don't inundate you with emails. Have your friends been reading the OTF?

Some people, even after two years of doing this, still have not logged into our website. There is a ton of information there. Member Benefits that only the Members can see after they log in; Events around the EWMA Community; and On The Fly magazines. All these require the member to login.

If you, or someone you know, does NOT know how to login to our website, PLEASE... have them send an email to eaglewings.web@gmail.com. Someone on our team will get back with them and assist them.

I would also like to thank all those who helped make 2024 a terrific (but busy) year. Lots of things have changed, hopefully for the better. Keep it coming. If something isn't right on our website, or in our database, please let me know. I have a team helping me now, and I'm looking forward to getting them trained up to do more, and have a quicker response to your needs.

Website Navigation Tip: During your login, you can select the "Remember Me on This Computer" check box, and the system will automatically log you in the next time.

Now, for a summary of 2024. Each month we posted an article with explanations on how to do things. Some of these are very detailed procedures to make navigating our site and accomplishing the many things seamlessly. In case you or your friends missed it, here is a summary of past topics for you.

January 2024

The development of our Business Directory
Our EWMA Handbook and how to get to it.

February 2024

Introduction of **Chapter Events** as a separate listing. Procedures on how to add them.
How to Login to our website.

March 2024

Website **Top Line menu** changes.
Members Resources (Only available once you login.)

April 2024

Info on the "**Eagle Book**" and how to use it.
How to **add yourself to the Eagle Book services** provided.

May 2024

How to sign up a **new member**.
More on how to **add events** to our website.
Travel Tips.

June 2024

Member login parameters. How family members use the primary members login.
Member Cards... we don't mail them, but you can download them.
The importance of loading your **Emergency Contact information** in the website.

July 2024

Explanation of the menus (member or public).

Eagle Book Services information

August 2024

How to Guide for the “Eagle Book” including how to look people up.

Rendezvous 2024 Links (will do again for 2025)

September 2024

Detailed procedure on how **Chapter, District and Region Directors** can add their members to a chapter.

How Directors know if they are setup correctly in the website (access to Control Panel).

October 2024

How does a member renew, detailed info.

Why members need to login to the website.

Chapter/District & Region Directors and using the member roster.

The importance of family members having a different email address from the primary member.

November 2024

How to guide for the Chapter Finder feature.

How to have a web page on our website.

Chapter Directors notifications.

How to add Events to our website.

December 2024

Website now requires you to select a chapter during renewal and joining.

Why a chapter association in our system is important to you.

How to join more than one chapter.

Detailed procedures on how to add events to our website (both Chapter and others).

Members Resources and the difference between the member (logged in) or public.

We stopped sending membership cards, but here is how you can download or take a picture of your members cards.

Did you know:

Family Members can use the Primary Member's login to access our website. You can also be logged in on different devices simultaneously.

Important News

Our big push right now... we need to get every member assigned to a chapter. The directions were in the September OTF. The members can do this, OR, the directors can.

This is to facilitate a future endeavor to setup a better communication system for the members, which makes it really important.

Renewal Process

Just a friendly reminder. If an individual is more than one year from expiring, they **MUST** call an admin in order to renew. Once within a year, they will have to go to their profile to access the link. Once within 90 days of expiration, there will be a little red arrow to show up on your screen. When in doubt, reach out to me.

And PLEASE, PLEASE... tell your friends in case they are not able to login, so we can help them with that.

Last Note

We are in the process for looking for tech savvy people, to assist the Region Directors. We are going to train them on how to do things within the Region. Eventually, this will go down to the District Level also, but some things need to happen first. We need everyone assigned to chapters for this to work. If you would like to volunteer, reach out to your Region Director.

That is just a quick recap of some helpful tools, we have tried to make available to you.

That's it for this version of All Things Digital.

“Welcome to my sand box. Go play... if you break it, it is my fault”

As the leading maker of motorcycle-to-trike conversion kits worldwide, there's a reason that ROADSMITH TRIKES has been in business and growing since 1972 – with no signs of slowing down! This is because we continually improve our machines to ensure they don't sacrifice an ounce of handling or performance in the name of comfort!
