Hello to everyone and happy April. Yes we are getting closer to some steady good weather and can't wait to be out on the bikes. As your setting here reading are you thinking about what your wanting to do this year? What rides you want to join in on? What events and rallies you want to attend? A number of folks have put together a ride schedule this year that gives you a number of options. Decisions right?? We truly hope you join us a lot this year and we also hope you bring a friend that may enjoy hanging out with all of us.

Have you checked out all the rallies going on this year? There is so much happening I'm sure you can't do them all but hey how about starting with the Buckeye Rally which is being held once again in Urbana, Ohio at the Champaign County Fairgrounds. Not to far from home but a lot of fun to be had by attending.

Michiana Rally-In being held in Coldwater, Michigan. Yes Indiana and Michigan are going together to bring you an array of things to keep you busy. Virginia District Rally, have you ever been? I must say another great rally that you really need to attend and if that's not enough right here in Sharonville, Ohio we are going to enjoy the 4th Annual Rendezvous. Having the National Rally in Ohio is a first and we all need to get those registrations sent in so we can let everyone know Ohio and Chapter F are in the house. Where do we find all these registrations you may ask? Two very good places to find these are further into this newsletter or you can go to EWMA-WORLD.ORG. once on the website go to the events page and you will have all the information you need. Just print, fill out and send. Yes we hope to see many, many of you out and about at these events.

Question to everyone, have you checked your membership expiration date? If not stop for a minute and make sure your good to go. If your close go ahead and renew as it's a whole lot easier than having to deal with it once you expire. If you have any questions or concerns please reach out and we will do what we can to help all of you out.

See you down the road, Ride Safe and Ride Forever

Lloyd and Becky

Hello Chapter F!

Happy April, everyone! With the days growing warmer and more springlike, there's a real sense of excitement in the air as we look forward to the upcoming riding season. While the forecast hints at a few more chilly days and even some unseasonably warm ones, it's all part of the thrill as we transition into spring. It's always rewarding to get back on the road and enjoy the changing seasons.

Now is the perfect time to get our rides out of winter storage and ready for the adventures ahead. If you use a cargo trailer for longer trips, don't forget to include it in your spring maintenance routine. Some key steps to remember are checking tire pressure, inspecting and repacking wheel bearings, and replacing seals as needed. Taking care of these tasks now ensures a safe and worry-free season as things kick into full gear.

We own a 2009 Escapade Elite, purchased from fellow GWRRA members Butch and Judy Royce in Hamilton, Ohio, back in early 2017. Since then, it's been a trusted companion on trips to national rallies and ride-ins every year. This season, we're especially excited to take it back to its birthplace in Virginia for a professional safety check at California Side Car, the manufacturer of the Escapade. They'll be inspecting it and recommending any maintenance to keep it in top shape for our upcoming rides. I already know it needs a new lid seal, but I'm looking forward to their expert advice to ensure everything is in order.

I'd love to hear how everyone is preparing their rides for the season. Does anyone have tips or stories about trailer maintenance or favorite spring routes? It's great to be part of such a supportive riding community, and I appreciate all the knowledge and camaraderie we share.

Wishing everyone safe and enjoyable rides this spring! I'm looking forward to seeing you all out on the road and hearing your own plans for the season.

Best regards,

Kevin & LeAnn Griggs Safety Ride Coordinator

More FUN!!

And Smiles!!

Hello, I am back hope you all are enjoying the Fonz and me adventures.

Now after our trip to Indiana, Fonz had plans for his motorcycle wanting to add to the comfort of his ride, after all, it needed a few things and we just happened to live close to a motorcycle shop. How do you think he got it??

Well he decided the best way to get stuff for the bike was to buy stuff for the wife. No not jewelry, Wait for it!!! He came home with his and hers DRY RIDER YELLOW rain suits. Just imagine the look I gave him with that gift on sweetest day. I asked what else did you buy? A fairing with windshield for protection when we ride he said. Seriously I hadn't been on that bike since Indiana. Oh for added comfort he purchased a sissy-bar for my back rest and a travel trunk to match his saddle bags.

I was thinking jewelry would have been cheaper!! So he was out in garage putting his goodies on so excited and the kids were watching cheering him on. I knew he had a plan, just wasn't sure what it was and that was scaring me as I wasn't in the mood for any more pregnancy .

He had apparently been a regular at the bike shop of which I found out later when he took me to it and they called him by first name. Told me that we should get a better helmet for SAFETY sake and Bell had good rating and stickers DOT. Try it on he said. Now why do I need a new helmet if I wasn't planning to ride but he slapped it on my head before I could say no. Wow was that helmet heavy, but did come with a face shield.

So now lets take inventory we have a 3/4 helmet with face shield, rain suit complete with bottoms, a back rest, fairing with windshield, travel trunk something was up, just hadn't put pieces together yet.

Ok ladies do you know when your being set up or does it have to hit you on the head before you see it coming?
