Hello to everyone, can you believe we are now in March and hopefully mother nature is going to begin to settle down and start bringing us some much needed warmer weather.

We are now starting to really get excited with all the rides and events we have on our ride schedule. As I write this article it was brought to my attention a couple of day's ago that our ride schedule is not completely full with rides every weekend, so what this means is there is plenty of opportunities for some impromptu rides. What is an impromptu ride some of you may be asking, well it is really simple . If you see an open weekend on the schedule and you have a ride you want to go on and share with everyone, just reach out to Kevin Griggs so he can put out a ride alert to let the rest of us know what's up.

We do have some really good rides and events planned and yes we are looking to enjoy all or some of these with all of you. Now is the time to not only make sure your bikes, trailers and campers are ready but also to get your registrations for the rallies filled out and sent in and also your motels and campgrounds are set.

While your taking care of all these things how about checking your expiration date on your membership as well as your drivers license. Yes with the new year we have a lot to prepare for. Do you know how to check your membership expiration date? Let us help you.

We have a lot of really good rallies coming up. First is Michiana, May 14-16. Then the Buckeye rally, June 18-20. How about the Virginia rally, August 27-29? And the Big Daddy of them all, Rendezvous IV, September 3-5!! So many things to keep you busy and out of trouble! LOL!! Please go to ewma-world.org for all of the events throughout the organization and get those plans revved up!

Go to ewma-world.org and check out the all the articles inside the On The Fly Magazine, The Benefits Page, The IT Tips and all the other options offered to you the members. Take full advantage of your membership and continually check out what Eagle Wings Motorcycle Association is doing for you.

See you down the road, Ride Safe and Ride Forever

Lloyd and Becky

Safety Ride Coordinator
Kevin & LeAnn Griggs

Hello Chapter F!

Happy March to everyone!

What a February it has been—a month filled with memorable moments and some we would rather forget. We are glad to leave behind the frigid temperatures and challenging weather. Our return trip home from Cabin Fever was particularly cold. Despite the chilly journey, the event itself was a joyous occasion, reuniting with friends from all over and enjoying the games organized by the District Team. Family Feud was a highlight for me, especially with this year's Hatfield & McCoys theme.

Now, for a "Safety Moment": As the Chapter Safety Officer, I'd like to remind everyone about the dangers of ice on bridges during colder weather. I experienced this firsthand on our drive back from Cabin Fever. My passenger, LeAnn, didn't capture any of the 360-degree spins I performed on the ice-covered bridge, which culminated in the car sliding straight into the guard rail. That's when LeAnn started documenting the event with pictures. The sheriff and tow truck driver were excellent in closing the exercise.

The very next day, we escaped the cold weather by flying to Ft. Lauderdale, near Miami, Florida. I thought it would feel like summer. However, I was mistaken—it was in the upper 40s when we arrived, though it did warm up to the 60s by week's end. To find true summer weather, we decided to embark on the Wingers-N-Waves Cruise to the Caribbean. This was our first Wingers-N-Waves Cruise, and it was exactly what we needed. The ship was filled with fellow motorcycling enthusiasts, all seeking warm weather and fun entertainment.

Best regards,

Kevin & LeAnn Griggs Safety Ride Coordinator

FOOD/DRINK AVAILABLE (FOR A DONATION)

Hi, Well I am on my way to Indiana Cracker Barrel and being a first time rider on a long ride I don't have to tell you that I wish I had got a shot of Novocain in my booty. So glad to get off that bike. Hubby took his half black helmet off and placed it on the seat, I told him it would fall off that I was going to fix my chin strap and hang mine on the handle bars. We went inside and ate and after eating came out and THEN IT HAPPEN. Now it was sunshine when we left but now it was raining and guess what, we had NO RAIN SUITS. Hubby said no problem a Dollar Store across street he would run buy us a couple and we would be fine.

Now Dollar Store their version of a rain suit is a very thin trash bag with snaps on cuffs and around the neck. After I put on the so called rain suit, THEN IT HAPPEN, remember how I put that half moon helmet on the handle bars, well it now was a bucket of water for me to put on my head. Hubby smiled and knew better than to say "See I told you to put it down on the seat" but he was thinking it.

We saddled up and with the very cold rain beating on my sandals and bare legs stinging we started back towards home. No face shields on those half moon helmets so we wore our sunglasses and when I saw a bridge overpass and just needed a small break I yelled take cover till it blows over. He said we are almost home I said stop.

So we stopped. Thought the worst was over but THEN IT HAPPEN we had taken shelter under a construction overpass with a dump truck filled with dirt and water driving overhead leaking muddy water onto the road below and you guess it.... all over us.

We headed home pulled into the driveway, soaking wet and muddy with only snap bracelet and necklace as the rest of the plastic was all over the freeway home. Got off bike went into house not saying a word, hit the warm shower. The next morning when I opened the garage door the motorcycle was hiding under a huge large sheet and he was very quiet.

He wasn't done with the bike he had a plan!!!
